

The Swing COMMANDERS

SWING COMMANDERS reviews and quotes

"The fun generated in each performance is infectious. Musical presentation is flawless, with technical brilliance on an amazing range of instruments and presented with humour and warmth."

Ian Hartley (GI Jive) 2011

"Every performance is imbued with a huge sense of fun; warmth and infectious humour suffuse every concert through the performers' actions, wit and repartee on stage. It is rare enough to find a band whose members' talents are so considerable; rarer still to find one so at ease with itself and with the audience."

Richard Harris (composer - www.rfkharris.com) 2011

"I was so excited to hear that you guys were here cause when I hear your music I just wanna dance"

(Kens5TV, San Antonio TEXAS Jun 2011)

"It is a truly multi instrumental group with over a dozen instruments between them, and they sing too!"

(Laurie Baker SEine Magazine August 2010)

The Swing Commanders really deserve to be on the world stage for all to see and when they are, I, for one, will say I have been extremely privileged to experience a live Swing Commanders performance!"

(Oct 2010 Lights Country Music club)

"We were completely blown away! What was impressive was you didn't always play the kind of music we like (inevitable and expected) but you performed every tune superbly. Polished, professional, great comedy touches. Vibrant, exciting fun".

(Balboa North, 2010)
